Green Gems of the Month

Robert F. Kennedy, Jr. family collection!

The Robert F. Kennedy, Jr. family just made a generous donation to Green Demolitions, prior to the demolition of their house of many years in Westchester County, New York. The house was originally built in 1870 and received a major renovation in 1920.

This donation includes many valuable antiques, Persian rugs, fine China, chandeliers, original art, framed prints and posters, lamps, furniture, and many, many interesting household artifacts.

From the house itself, we received claw foot tubs, pedestal sinks, vanities, fireplace mantles, kitchen appliances, and much more.

This collection will not last long and, like everything else at Green Demolitions, it's all priced at 50-75% off market price. Both in our Norwalk, CT and Bethel, NY stores. Enjoy! To view go to:
